LEARN

Let us set up a site visit. Or link you to a current customer, so you can hear from them how StarWitness helps provide the evidence you need for court.

TRY ONE

Arrange an online demonstration. Or set up a free demonstration of our mobile interview products, no obligation.

COLLABORATE

We strive to shape our solutions to your problems. We're committed to helping you record the evidence you need.

Capturing truth. Building evidence.

“The StarWitness Interview Room system is an easy-to-use, quality product. The clarity of sound and picture has allowed our child advocacy center to better assist law enforcement in furthering their investigations. It is extremely user friendly. Anyone can use this system with ease and success.”

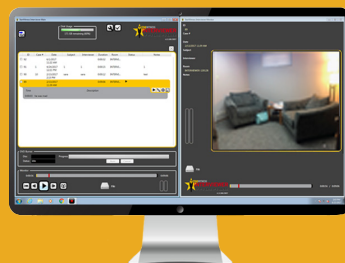

**Shannon Peduto, Executive Director
Luzerne County Child Advocacy Center**

SUPERIOR AUDIO	SIMPLE OPERATION	SECURE EVIDENCE
Audio captured is specifically tuned to record voices	One button push to record	Each recording has a unique authentication code that is encrypted and watermarked into the video of the recording
No muffled voices or problems with the interviewer's voice being too loud and the subject's voice too quiet	Red light illuminates to indicate recording is active	Software allows users to assign ownership and verify chain-of-evidence for court
Balanced audio for clear audio recording without hum pickup or high-frequency loss	No proprietary file formats	Complies with all best practices for interview recording and retention

Interview recording equipment that faithfully captures the spoken word—even when whispered or muffled. Our solutions are known throughout the industry for blending exceptional quality with ease-of-use. **If it's said, it's saved.**

Interview Room

Our in-room recording system is an easy-to-use, turn-key system for recording interviews.

Mobile Recording

This discrete recording device fits in the palm of your hand. So interviews can be conducted anywhere—hospitals, homes, or whatever location best suits your situation. An included tablet lets others view the live or recorded interview.
