Flip.  
Press.  
Record.

Comes with feature-rich case management software.

“A great investigative tool, practical, and easy to use. The Interviewer helps a small agency such as ours, who doesn’t have a proper recorded interview room, to be able to have the same quality recording wherever we can conduct the interview.”

Lt. Peter Morelli, Fremont Police Department, NH

### SIMPLE

Start recording with the push of a button

### RELIABLE

Intense video/audio quality—record whispers across the room and voices 25 feet away

### PORTABLE

Transform any vehicle, conference room, home, hospital or jail into a state-of-the-art interview space

### The StarWitness Field Interviewer Kit includes:

Rugged case containing—Smart tablet for previewing videos, 32GB microSD card, USB microSD card reader, StarWitness Interviewer software, USB chargers and cables.
